

The SGO@HMS has generated over \$240,000 in additional revenue for HMS over the past two years. How was it accomplished?

- Over \$240,000 in taxes were redirected to HMS through the SGO@HMS, allowing the school to provide additional scholarships and financial support to families.
 - By contributing to the SGO@HMS, they enabled their taxes to directly impact and benefit their school community at HMS.
 - HMS uses these funds to provide scholarships and financial support; it also allows HMS to then apply money otherwise earmarked for those efforts towards other areas of the school's operations.
- Over 130 families and friends of HMS have contributed to the SGO.

Quick Points about the SGO

- Redirect up to \$750 (individual) or \$1,500 (couple) of your tax liability when filing Ohio taxes.
 - These funds now go to HMS instead of the State of Ohio; it just redirects part of your tax liability.
- No money out of your pocket; this is not a donation.
- Anyone who files taxes in Ohio can participate.
 - You can contribute now and until you file your taxes up to the April 15, 2026 deadline.
 - It doesn't matter if you traditionally get a refund or pay taxes when you file; both are eligible.

Testimonial from Parent

- *"I agree that it seems too good to be true, which is why I had my tax accountants look into it! It's a straight deduction from our taxes and goes directly to HMS. It is a no-brainer."*

– Children's House Parent
